GitHub Profile: <https://github.com/nwebb123>

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6), TypeScript, React, Angular

Backend: C#, SQL, .NET Core, REST APIs, Entity Framework Core

CSS Frameworks: Bootstrap, Tailwind, jQuery

Databases: Microsoft SQL Server, SSMS, EF Core (Code-First), LINQ

Tools & DevOps: Git, GitHub/GitLab, Azure DevOps, Postman, Agile/Scrum

Other: Unit Testing, MVC Architecture, Umbraco CMS, Power BI

PROFESSIONAL EXPERIENCE

Level Data, Remote – Software Engineer II

MARCH 2026 – PRESENT

- Develop and maintain data management solutions for K-12 Education products
- Collaborate with Product Owners, QA, and engineering teams in Agile sprints
- Write clean, testable code and participate in peer code reviews
- Contribute to technical documentation for new and existing features

Level Data, Remote – Software Engineer

JULY 2024 – MARCH 2026

- Develop and maintain data management solutions for K-12 Education products
- Collaborate with Product Owners, QA, and engineering teams in Agile sprints
- Write clean, testable code and participate in peer code reviews
- Contribute to technical documentation for new and existing features

Red Cedar Solutions Group, Remote – Junior Software Engineer

MARCH 2023 – JULY 2024

- Develop and maintain web-based applications using .NET ecosystem

- Converted user stories and requirements into scalable software solutions
- Participated in code reviews, bug fixes, and application performance improvements
- Authored documentation supporting new workflows and processes.

Waymo/Akorbi, Remote – Waymo EngOps Senior Operations Associate

MARCH 2022 – March 2023

- Lead weekly mentoring sessions for multiple workflows
- Implemented automated scripts to assist in QA testing
- Worked closely with engineers and stakeholders to ensure high quality of tests
- Created and maintained documentation across multiple workflows

Waymo/Akorbi, Remote – Software Quality Operations Associate

APRIL 2021 – MARCH 2022

- Reviewed testing data to identify problematic areas
- Provided feedback to developers team
- Worked closely with engineers and stakeholders to ensure high quality of tests

EDUStaff, Brighton, MI – Secondary Education E.L.A. Teacher

DECEMBER 2019 – MARCH 2020

- Created and implemented lessons for 10th grade Advanced American Literature classes at Brighton High School

EDUCATION

Coder Foundry, Remote – Full-Stack .NET Developer (Bootcamp Training Program)

SEPTEMBER 2020 – JANUARY 2021

Completed an immersive full-stack .NET software engineering program focused on professional, real-world application development. Gained hands-on experience with:

- HTML5, CSS3, JavaScript/ES6, Bootstrap, jQuery
- C#, .NET Core MVC, LINQ, EF Core
- SQL (MSSQL, PostgreSQL), Code-First database design

Eastern Michigan University – B.S. Secondary Education Language, Literature, and Writing, minor Psychology

SEPTEMBER 2013 – APRIL 2019
